MEGAMI 2018Ver.1 Reference No.01AA00P014 Issue Date Oct.01,2019

7.2 Conditions for safe storage, including any incompatibilities

Store in a cool place lower than  $25^\circ\!\mathrm{C}.$  Avoid Sun light.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1 Control parameters	Petroleum hydrocarbon (Oil mist) ACGIH 2010 (TWA) 5 mg ∕ mً
8.2 Exposure controls	Individual protection measures, such as personal protective equipment.
Respiratory protection	Respiratory protection must be used if the general level exceeds the recommended
	occupational exposure limit.
Hand protection	Chemical resistant gloves made of Butyl rubber or Polyethylene-polyvinyl alcohol laminated rubber.
Eye/ face protection	Safety Glasses with side shields, goggles, or face shield.
Skin and body protection	Suitable safety clothes, aprons, shoes and protective boots.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties		
APPEARANCE	Paste	
ODOR	Slight odor	
MELTING POINT	No information on the product.	
FLASH POINT	132°C	
VAPOR PRESSURE	No information on the product.	
SOLUBILITY	Insoluble in water	
SPECIFIC GRAVITY	1.10-1.20 (25°C)	
N-OCTANOL/WATER IGNITION TEM	IPRATURE	
	No information on the product.	
PECOMPOSITION TEMPURATURE	No information on the product.	
VOC PERCENT RANGE	15-25%	

#### 10. CHEMICAL STABILITY AND REACTIVITY INFORMATION

10.1 Reactivity	There are no known reactivity hazards associated with this product.
10.2 Chemical stability	Stable under normal temperature conditions.
10.3 Possibility of hazardous reactions	No information on the product.
10.4 Conditions to avoid	No information on the product.
10.5 Incompatible materials	No information on the product.
10.6 Hazardous decomposition products	No information on the product.

Not determined

#### 11. TOXICITY INFORMATION

9.2 Other information

11.1. Information on toxicological effects		
Acute toxicity (Inhalation)	Category 4	
Skin corrosion/irritation	No information on the product.	
Serious eye damage/eye irritation	Category 2B	
Skin Sensitizers	Category 1	
Gem cell mutagenicity	No information on the product.	
Carcinogenicity	No information on the product.	
Reproductuve toxicity	No information on the product.	
Specific target organ toxicity exposure Category 3		
Specific target organ toxicity Repeated exposure		
Aspiratiion hazard	Category 1	

H322 as concentration of Petroleum Hydrocarbon  $\geqq10\%$ 

H320 as concentration of Petroleum Hydrocarbon  $\ge 10\%$ H317 as concentration of Additive  $\ge 1\%$ 

H335 as concentration of Petroleum Hydrocarbon  $\geqq10\%$ 

H304 as concentration of Petroleum Hydrocarbon  $\ge 10\%$ 

### 12. ECOLOGICAL INFORMATION

#### 12.1Toxicity

Hazardous to the aquatic environment, Acute hazardNo information on the product.Hazardous to the aquatic environment, Chronic hazardNo information on the product.12.2 Persistence and degradabilityThere are no data on the degradability of this product.

MEGAMI 2018Ver.1 Reference No.01AA00P014 Issue Date Oct.01,2019

3. DISPOSAL CONSIDERATIO	
	NS
<u>13.1 Waste treatment methods</u>	Consult manufacturer for recycling options and recycle where possible consult waste management authority for disposal. Incinerate residue at an approved site. Recycle containers where possible or dispose of in an authorized landfill.
4. TRANSPORTATION INFOR	MATION
<u>14.1 UN number</u> <u>14.2 UN proper shipping name</u> <u>14.3 Transport hazard class</u> <u>14.4 Packing group</u>	Not applicable Not applicable Not applicable
14.5 Environmental hazards 14.6 Special precautions for user	Not applicable Not applicable Annex II of MARPOL73/78 and the IBC Code Not applicable
5. REGULATORY INFORMATI	ON
15.1 Safety, health and environme	ntal regulations legislation specific for the substance or mixture
SARA SECTIONS 313	This Product does not contain any chemical compornents with known CAS numbers that exceed the threshold reporting levels established by SARA Title III, Section 313.
EPA TOXIC SUBSTANCES CONT	ROL ACT (TSCA) All components of these products are included on the 8(b) TSCA inventory list.
California Porp.65	This product contains a chemical kown to the State of California to cause cancer. Carbon black CAS 1333-86-4 Contain 25-30% In the IARC classification, Carbon Black to group-2B (Possibly carcinogenic to humans.) but the Printing Ink is group-C (Not classifiable as to its carcinogenicity to humans.).
15.2 Chemical safety assessment	No chemical safety assessment has been carried out for this mixture by the supplier.
6. OTHER INFORMATION	
proper handling. It was created or	ed to provide for general industrial use as reference information in order to ensure the the basis of reliable information but it is not a guarantee of the manufacturer.
