Lamination

Your custom printed labels deserve the best! We have a variety of laminations needed to protect and secure inks and graphics.

Flexo printing presses often require a protective coating on material to secure inks. Laminating with self-wound films prevents ink and label from burling and scratching.

Clear Gloss Polypropylene Lamination

Product Number	Total	Film	Adhesive	Description
806C	0.8 mil	0.6 mil	0.2 mil	Clear super thin lamination
